

PurKlenz® Antiseptic Skin Cleanser
NDC 49436-291-01

**Recommended Protocol for using PurKlenz® as a
Lubricant for Body Piercing Needles**

NOTE: Do not use PurKlenz inside the mouth, directly on the tongue, in the eyes, or around the eye lid & eye lash area. PurKlenz is safe to use on lips and eyebrows. Safe on genitals as well. Do not mix or use PurKlenz with other products containing PCMX. Do not use PurKlenz if the presence of a disease or physical condition including, but not limited to, skin rash, infection, allergic reaction etc...makes it impossible or undesirable to treat a particular client in the usual manner. Do not use PurKlenz for tongue piercings.

1. Wash hands and don clean gloves
2. Dispense one-half pump onto a piece of sterile gauze.
NOTE: 1 full pump dispenses 4cc (0.135 ounces) of liquid.
3. Place sterile gauze onto your sterile field.
4. Pick up new sterile piercing needle.
5. Carefully and gently pull the needle through the PurKlenz on the sterile gauze.
6. Continue with Studio protocol for the procedure you are performing.

Recommended Protocols were developed in conjunction with Health Educators Inc.
